

Postdoctoral Researcher Position in Hydrology.

The Department of Civil and Environmental Engineering at Georgia Institute of Technology invites applications for a post-doctoral researcher position in surface hydrology group. Candidates should have PhD in hydrology or related geosciences with experience in eco-hydrology and hydro-geomorphology. We seek candidates interested in numerical modeling of the land-atmosphere-biosphere system. Proficiency in FORTRAN, C, and/or C++ is desirable. The successful candidate will work closely with graduate students. The position is available immediately with flexible term. Please send your research interest, a curriculum vitae and a list of three references to: Dr. Rafael Bras, Georgia Institute of Technology, 225 North Ave, Atlanta, GA 30332-0325, Email: rbras@gatech.edu, Tel: 404-385-2700.
