

Academic Positions in Atmospheric Physics and Atmospheric Environment. The School of Atmospheric Physics (<http://web2.nuist.edu.cn/dqwlxy/sy/index.html> in Chinese or <http://en.nuist.edu.cn/AboutusSAP.jhtml> in English) at the Nanjing University of Information Science & Technology, China (NUIST, the formally Nanjing Institute of Meteorology) invites applications for 6 full-time academic positions (professor/associate professor/lecturer) with a specialty in one of the following five areas:

- Radiative transfer and remote sensing
- Atmospheric electricity and lightning protection
- Satellite and radar meteorology
- Cloud dynamics and microphysics
- Air pollution monitoring and modeling

Applicants must hold a Ph.D. in an appropriate discipline by the date of the appointment; provide evidence of independent research capabilities in one of the research areas mentioned above, evidence of the ability to develop and sustain a high quality, externally funded research program, and evidence of teaching, mentoring and communication skills. Specific duties for the positions include: (1) engaging in scholarly activity/research; (2) teaching at the undergraduate and graduate level; (3) service and advising responsibilities normally expected of university faculty. The successful candidate will be expected to secure external funding to support his or her research program.

Qualified candidates will be offered settling-in allowance and an annual salary of 200,000 – 2,000,000 RMB, commensurate with qualifications, experience and the relevant policies of the university.

How to Apply:

1. Applicants will need to specify which position they are applying for and the following materials:
 - (1) A filled “High-level Candidates Registration Form of Nanjing University of Information Science and Technology” (the blank form is attached),
 - (2) Photocopies of Diploma, Education certificate and Appointment Letters,

- (3) Research plans, expected objectives and expected annual salary,
- (4) The names of at least three references.
2. Applications will be accepted immediately and continue until the positions are filled.
3. Please submit the above materials via email to Prof. Yan Yin (yinyan@nuist.edu.cn) or Ms. Gong (001450@nuist.edu.cn), or visit us at School of Atmospheric Physics, Nanjing University of Information Science & Technology, No.219, Ningliu Road, Nanjing, China.

Questions regarding the positions can be directed to Professor Yan Yin (yinyan@nuist.edu.cn, +86-25-58731207, Fax: 86-25-58699771).
