

METDESK: METEOROLOGIST VACANCIES

About us

MetDesk is a weather forecasting business specialising in delivering client-specific weather information and forecasting services to a diverse weather-critical client base. MetDesk is headquartered in the picturesque Chiltern town of Wendover, which has a regular direct train service to London. Due to ongoing expansion, MetDesk is seeking experienced forecasters and talented, hard-working meteorology graduates to join its 24/7 forecast team to become an important and exciting part of the fastest growing commercial weather forecasting company in the UK.

Job title

Trainee Meteorologist/Meteorologist/Senior Meteorologist

Job Description

The successful candidate(s) will work on a 24/7 shift based roster, analysing and interpreting observational and forecast model data with a view to delivering high quality weather forecasts to a range of markets. As a rapidly growing company, a proactive “hands on” approach will be required, with a willingness to get involved in all aspects of the working environment.

Experience and skills required - graduates

Essential criteria:

- A degree in meteorology
- In-depth knowledge of UK and European synoptic meteorology, climatology and geography
- Excellent written and verbal communication skills
- Good computer skills
- Willingness to work unsociable hours, including night shifts, weekends and public holidays
- Understanding the importance of team work
- UK/EU resident or valid UK work permit

Experience and skills required – trained/experienced forecasters

Essential criteria:

- A degree in meteorology or associated science
- At least 2 years recent experience as a professional forecaster in the UK or Europe
- Experience of highway meteorology in the UK not essential but an advantage
- In-depth knowledge of UK and European synoptic meteorology, climatology and geography
- Excellent written and verbal communication skills
- Advanced computer skills, including programming in python, are not essential but would be advantageous
- Willingness to work unsociable hours, including night shifts, weekends and public holidays
- Understanding the importance of team work
- UK/EU resident or valid UK work permit

Please send your CV with covering letter in PDF or MS Word format to careers@metdesk.com
Remuneration and benefits will be attractive and commensurate with experience.

The closing date for applications is 31st May 2016 with employment start-dates through the late summer & early autumn dependant on situation.

MetDesk is an equal opportunities employer.
